EYE OPENERS.

(Continued from Page 3.)

The following letter recently appeared in the Herald. It bears out in what we have been saying in regard to the mammoth illuminated sign advertising "C.P.R. Brigand Lumber." Mr. C. W. Bowley, president of the board of trade, would no doubt like to take this matter up, but he cannot very well do so, as Messrs. Bowley and Davidson are doing their banking at his institution. Verily a Calgary business man's view, opinion and operations are criss-crossed with an amazing network of conflicting interests.

To the Editor of the Herald: Sir—Harold Bandler, of Davidson, threw a field of oats that yielded 30 bushels to the acre at 42 pounds to the bushel from the machine, which at 34 pounds to the bushel, standard weight, averages 101 bushels per acre. A. E. Bandler, Davidson, threw a field of spring wheat which yielded 45 bushels per acre of No. 1 hard, owner of threshing machine, Currie Davidson. Perhaps these figures will convince landholders that grain can be grown in the neighborhood of Calgary without irrigation, as an irrigated portion of the province is being purchased by interested parties. A gentleman from California, seeking for a suitable farm, told me he was in Calgary last year for the same purpose, but that the illuminated sign had scared him from these parts. He had since visited all parts of Canada, including Ontario, and says he has returned to have another look. He had seen the Dominion and he had seen the Herald. A. E. Bandler, Davidson, Oct. 29.
